

Astaro Security Gateway Overview

Astaro All-in-One Internet Security

Securing over 100,000 networks for 47,000 customers, the award-winning line of Astaro™ Security Gateways protects against endless number of viruses, spam and hackers that threaten to compromise network security today.

Astaro Security Gateways are feature rich, secure and easy to manage solutions that enable IT managers to implement the mission critical security functions necessary for optimum network protection:

Protecting Networks

- ▶ **Stateful Inspection Firewall**
Manages time-based network access.
- ▶ **Intrusion Prevention**
Allows in-depth filtering to protect against more than 7,500 attacks.
- ▶ **Remote Access & VPN**
Securely connects remote workers and branch offices.

Securing Email Traffic

- ▶ **Antispam & Phishing**
Blocks unwanted email and prevents data leakage using the latest techniques.
- ▶ **Dual Antivirus Protection**
Catches viruses in POP3, SMTP, and webmail with two independent scanners.
- ▶ **Transparent Encryption**
Signs and encrypts emails with TLS, OpenPGP, or S/MIME - clientless!

Filtering Web Access

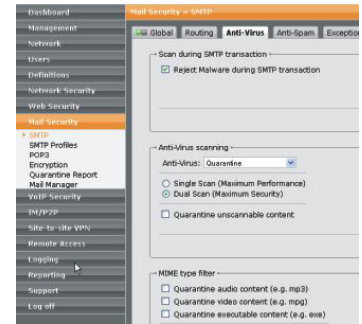

- ▶ **URL Filtering**
Controls web surfing by blocking over 35 million sites in 96 categories.
- ▶ **Antivirus & Spyware**
Filters and scans all FTP, HTTP, and HTTPS web traffic.
- ▶ **IM & P2P Control**
Manages BitTorrent, Skype, ICQ, MSN, and more.

Since 2000, when Astaro invented what today is called Unified Threat Management, Astaro's research and development team has continuously refined its technology and extended Astaro's lead in multi-function security appliances.

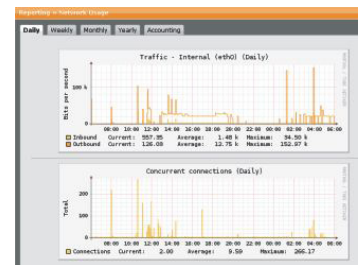

Astaro's intuitive unified management approach has inspired many impersonators worldwide and today Astaro is again in the vanguard in establishing the next generation of integrated platforms known as eXtensible Threat Management (XTM) appliances.

The Astaro Difference

- ▶ Only Astaro appliances are available in three different types: as hardware, software, and virtual appliances. Integration into existing infrastructures has never been easier.
- ▶ Nobody's faster: With Astaro's "10-Minute Setup" every installation is completed rapidly.
- ▶ Nobody's more flexible: Astaro's "One-click Clustering" technology enables scalable performance and system stability with up to ten cluster nodes.
- ▶ Over 47,000 customers are already protecting their networks with an Astaro appliance.

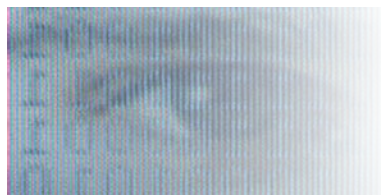

Intuitive Management

Who's Watching Your Network?

Security Features - Details

Mail Security

- ▶ Dual Antivirus engines operate with over 800,000 patterns
- ▶ Reputation service with spam outbreak monitoring based on patented Recurrent-Pattern-Detection™ technology
- ▶ Advanced spam detection techniques: RBL, heuristics, SPF record checking, BATV, URL scanning, greylisting, HELO and RDNS checks
- ▶ User Quarantine Report mailed out daily at customizable times
- ▶ Sender domain and IP black-listing for SMTP
- ▶ Recipient Verification against Active Directory account
- ▶ Blocks unwanted files with MIME type checking
- ▶ Clientless email encryption, based on S/MIME, Open-PGP, and TLS standards

Web Security

- ▶ Filter HTTP, HTTPS, & FTP
- ▶ Protect against viruses with dual, parallel engines
- ▶ Web URL object cache
- ▶ URL database classifies sites into 96 categories, in more than 65 languages from hundreds of countries
- ▶ Time-, user- and user-group-based access policies
- ▶ Blocking, alerting and bandwidth shaping for IM/P2P applications: AOL IM, Skype, AIM, ICQ, MSN, Yahoo, IRC, Gtalk, Jabber, Applejuice, Ares, BitTorrent, Direct Connect, Gnutella, Edonkey, Imesh, MUTE, Manolito, WinMX and Winny
- ▶ Blocks hidden installation of active content (such as Java, Active X, Flash, Cookies, VBScript, and JavaScript)

Network Security

- ▶ Stateful deep inspection firewall
- ▶ DoS, DDoS, Portscan, Worm and Botnet protection
- ▶ IPS: 7,500+ rules, automatic attack signature update
- ▶ VPN & Remote Access: SSL, IPSec, L2TP over IPSec and PPTP
- ▶ Full support for all iPhone VPN connectivity options
- ▶ Site-to-Site IPSec & SSL VPN

Security Management

- ▶ Simple management in web browser in various languages
- ▶ Customizable UserPortal for end-user mail and VPN management, in 15 languages
- ▶ Periodic executive reports
- ▶ Built-in reporting with PDF & CSV Export options

- ▶ Setup wizards and detailed online help
- ▶ Localized end-user messages
- ▶ Automatic real-time update of firmware and attack patterns
- ▶ Active/Passive (Hot Standby) and Active/Active (Clustering) without need of load balancers
- ▶ Authentication: Local, Active Directory, eDirectory, Radius, Tacacs+, LDAP
- ▶ Single Sign-On: Active Directory, eDirectory

Networking

- ▶ Interfaces: Ethernet, DSL, Cable, 802.1q VLAN, PPP
- ▶ Routing modes: Static, Policy, OSPF, NAT, PAT, Bridging
- ▶ H.323, SIP
- ▶ Auto-Balance multiple WAN uplinks with ease
- ▶ 802.3ad Link Aggregation
- ▶ Server load balancing

24x7 Service Offerings

Mail Security

Award-winning customer support offerings include 24x7 technical assistance and expedited appliance replacement

Security Response

Subscriptions to Astaro's 24x7 Security Response Service keep networks protected and secure at all times

Training

To maximize administrator productivity, free, self-paced training is available on the web along with regularly-scheduled live seminars

Online Resources

Access a wealth of information about Astaro products, offerings, research and support tools through our collection of online resources

If you have any questions regarding Astaro's Security Gateway or require further information, please contact us at 1-866-431-8972 or sales@astaro.ca
